## Kanon Pattern Rake

*Spheres* rugs bring a multidimensional, contemporary eye to traditional artisanal craft techniques. Hand made and richly haptic, they share traits and hues with the curtains in the collection. Notably, they fuse graphic and organic elements to express a vibrant sense of movement.

The sensuous expressions of the *Spheres* rugs derive extra depth from nuanced colour blends. These are meticulously calibrated to resonate with the rugs' refined materials and the particular character of each design.

*Kanon Pattern Rake* is distinguished by a strong sense of movement. Its subtle colour shifts transform graphic into organic, as harmonic stripes and nuances shimmer out from its unicoloured base. The rug's pile colour is coordinated with *Kanon*, creating opportunities for individual combinations.
