

Arcade Sofa

Simon James | 2018

The modular Arcade Sofa is a fully configurable lounge system that allows you to create the ideal layout for any living space from a combination of interlocking single or corner seats, narrow and wide chaise modules and ottomans.

A signature L-shaped arm detail gives a modern linear contrast to the softness of the relaxed seating cushions and comfortable backs.

Giving an incredibly comfortable lounging experience, Arcade's revolutionary multi-density feather and foam pillow system was developed in New Zealand over a number of years.
