Installation - recessed ceiling mount

1. Make sure to turn off the main power before installation.
2. Drill ø 35 - 50mm hole to the ceiling to allow the terminal block (C) to fit through.
3. Connect live wires to the fitting (A) using the terminal block (C) supplied.
4. Place wiring into the ceiling, and attach the fitting (A) to the ceiling by appropreate screws (not included).
5. Carefully slide up the cover plate (B), then secure it with the ceiling mount screws (D).
6. Insert the supplied bi-pin lamp to the lampholder.
7. Screw in the glass shade to the lampholder.
8. Turn on the main power.

Caution: Installation must be performed by certified electrician.
